

notes from the field

Location: *Western Ghats, India*

Product Sourced: *Organic Black Pepper*

The Story: *An update on our source for organic pepper- we have donated \$29,000 through our Well Earth™ sourcing program to train 750 of their organic farmers. Areas of training include soil and nutrient management, organic pest and disease control, composting techniques and organic quality standards. This training will ensure a sustainable supply of our premium high-grade organic pepper.*

Part of our Well Earth sourcing program.
