## Features & Benefits

**Grapeseed Oil:** A nicely balanced oil containing oleic, linoleic, palmitic and stearic acid antioxidants. Has a light and absorbent feel. Good choice for heat-building, friction massage. A natural alternative to petroleum derived mineral oil.

**Apricot Kernel Oil:** High in oleic and linoleic acid antioxidants. Provides a medium thickness, glide and lubricity. Use in higher amounts for standard massage, less amounts for friction and heat building massage.

**Sweet Almond Oil:** High in oleic and linoleic acids. Similar to apricot kernel but slightly more lubricity and glide.

**Vitamin E:** skin-supporting antioxidant and natural preservative

**Bottle:** made with 25% post-consumer content

**Exclusive dispensing cap:** no drip, no waste, sanitary, protects oil from contamination

## Points of Difference

**REAL purity:** 100% pure essential oils that have been rigorously tested through GC/MS testing to confirm purity and naturalness

**REAL value:** multi-use product that can be used in the bath, as an after-shower moisturizer or as a massage oil for a sore and tired body

## Product Standards

No mineral oil, petroleum, or hydrogenated oils  
No synthetic fragrances, colors, or preservatives
