

Fair Trade & Frontier™

Working Together for a Better World

Frontier, always at the forefront of sustainable sourcing, is proud to be a strong supporter of Fair Trade Certified™ programs and products. We work hard to offer you a winning combination of great taste and responsible purchasing. Our large selection of Fair Trade products include loose-leaf teas, cocoa, vanilla beans, herbs, and sugars all offered in bulk one pound bags. In addition, we are pleased to offer Fair Trade packaged products, including the delicious Simply Organic® Baking Mixes and the extra-rich and creamy Frontier™ Bottled Vanilla Extracts and Flavors.

One good example of how responsible purchasing can benefit farmers is the Heiveld Cooperative in South Africa, the source of our Organic, Fair Trade Rooibos Tea. Fair Trade proceeds have benefited this small community by providing essential equipment and materials for their schools, allowing more teachers to be hired, and funding grants for students who attend college. Fair Trade also supports various agricultural projects by the cooperative that promote sustainable, organic farming.

Fair Trade is much more than a Fair Price!

Fair Trade Principles:

- Farm workers are paid a fair price
- Safe and humane working conditions
- Adequate housing and medical care
- Freedom for workers to organize
- Absence of forced labor and of child labor abuses
- Sustainable farming practices
- Direct trade between producers and US importers

The concept of Fair Trade goes far beyond a simple economic transaction. At the heart of Fair Trade are long-term relationships between farmers and buyers that enable farmers to strengthen their businesses and diversify their sources of income. Unlike aid, which is dependent on donors, Fair Trade offers more sustainable benefits for farmers, workers, and families.

TransFair USA

TransFair USA, a non-profit organization, is the only independent, third-party certifier of Fair Trade products in the U.S. and one of 20 members of Fairtrade Labelling Organizations International (FLO).
