SRP \$: \$64.00 for 1/2 lb bag

SRP \$: \$8.00/per oz

Each ounce of red clover yields approximately  
25 cups of tea. Cost per cup = only \$0.32!

**Drink Up to Good Health!**

Over the last year, our purchasers have been unable to source any Organic Red Clover Blossoms. This was due to a severe drought in Argentina which ruined the entire crop. Because of this, we searched for a domestic grower in order to have this important product available to our customers.

We're excited to offer you these premium whole red clover blossoms!
